PREFACE

During June 2022 I had an idea to build a table that was made with board games in mind. The main goal was to incorporate a monitor, which enabled me to use the screen as a digital board of some sort.

My hopes were to mainly use the table for Dungeons and Dragons, which meant I also wanted to incorporate a built-in dice tower.

BRIEFING

Create a table with boardgames in mind. The table has to include a monitor and a dice tower, in addition to any other optional gaming peripherals.

Size

1.5 meter

x

1.6 meter

Monitor

27 inch

Input

HDMI
DisplayPort
x2 USB-C

Extras

Dice Tower
Cupholder

MOODBOARD

PERSONA

JON | Age: 27
Software Engineer

Interests/Hobbies:

- Collecting comics and graphic novels
- Attending conventions for comics, gaming, and technology
- Building and tinkering with computers

Interests/Hobbies:

- Staying up-to-date with the latest technology and trends in the gaming and tech industries
- Finding like-minded individuals to share his interests and hobbies with
- Balancing his passion for geeky pursuits with the demands of his day job

Personality:

- Intelligent
- Analytical
- Introverted
- Highly opinionated

RESEARCH

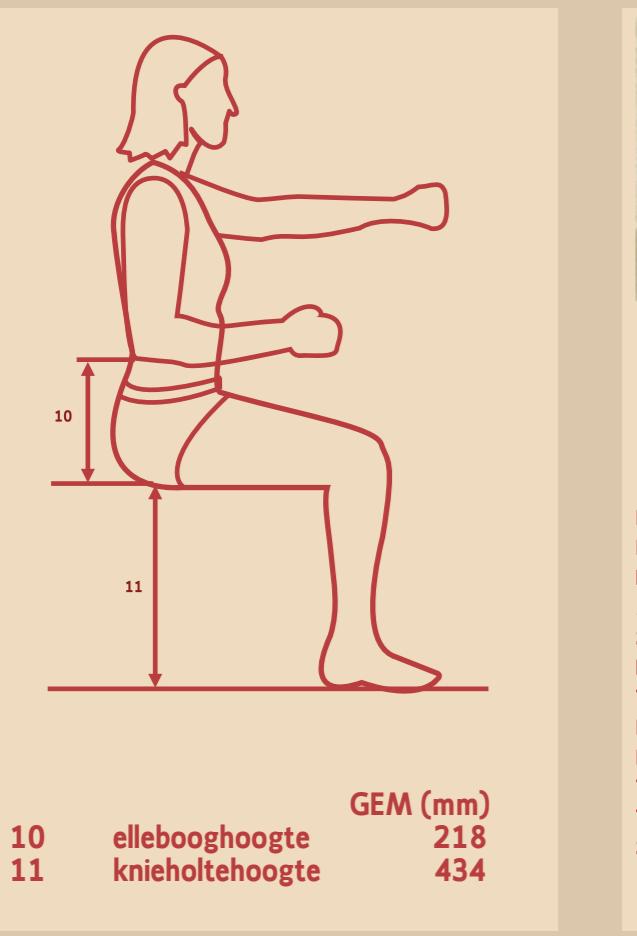

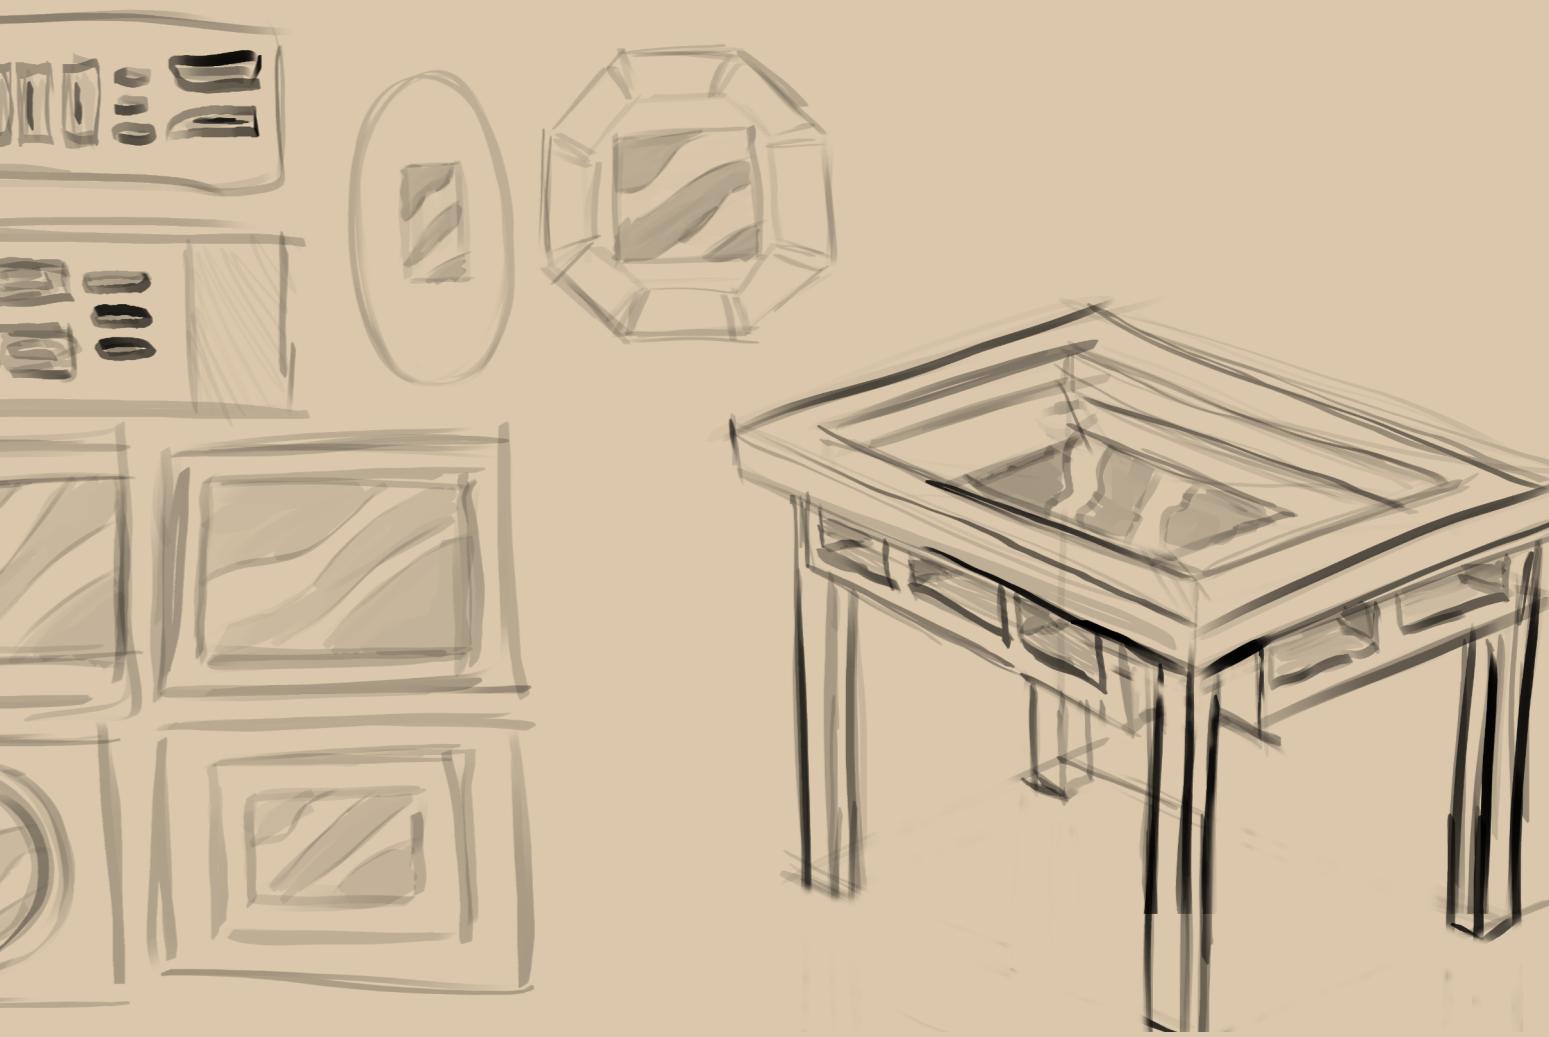

Table Sizes	
2 people	760 x 1070 mm
4-6 People	760 x 1520 mm
6 - 8 people	(910 x 1830 mm)
8 - 10 people	(1070 + 2440 mm)
10 - 12 people	(1370 x 3050 mm)
